

## Complimentary Webinar

# An Engineer's Responsibility

## ASTM C1479 vs D2321

**Thursday, December 17<sup>th</sup>, 2020 @ 11:00 am CST**

We take a detailed look at installation specifications for concrete and thermoplastic pipe. There are several similarities and then quite a few significant differences in the requirements for proper installation of reinforced concrete pipe and thermoplastic pipe products. This presentation provides a side by side comparison of these two unique specifications.
